

PROJECT SHOWCASE

TOWNSVILLE MAGISTRATES COURT UPGRADE

The FKG Group was engaged by the Department of Housing and Public Works on behalf of the Department of Justice and Attorney-General to upgrade the Townsville Courthouse, to support the expansion of the Specialist Domestic and Family Violence Court.

Working in an operational environment, the project included the installation of cutting-edge audio-visual equipment to support the Court's function.

The earthy tones of the DecorSlat acoustic panels perfectly complement the required ambience in this courtroom, delivering a subtle blend of beautiful acoustics and warmth and character to the space.

There were numerous design changes in construction, highlighting the importance of accurate shop drawings clearly delineating what was required. Needless to say, the DecorSlat panels were delivered to site accurately for fast and precise installation.

PRODUCTS

DecorSlat – Western Red Cedar, clear finished with DecorSorb Acoustic Textile to rear of panels.
